

PROFESSIONAL BACKGROUND AND EXPERIENCE

Frances Hill BSc Occupational Therapy, NLP Practitioner

Frances has worked as an Occupational Therapist for the past 15 years, working predominantly with people with Chronic Fatigue Syndrome/ME. She is currently the Team Lead for the Hampshire and Isle of Wight CFS/ME Service, which offers outpatient diagnostic and treatment facilities.

Frances is a member of COTSS-IP and balances her NHS role with a growing Independent Practice, which includes work for PCT's, UNUM and Consultant and GP referrals, again within CFS/ME.

Frances successfully qualified as an NLP Practitioner in March 2010, and has had the privilege of being able to implement many of these techniques into her CFS/ME treatment programmes. This is an area of research that Frances plans to study at MA level.
